

# Diving the Cumbrae's in the Clyde, Scotland

Based in Wemyss Bay  
Diving with Jason [Wreckspeditions]  
19th-22nd April 2024 - 3 days diving.

After several successful trip aboard the **'Starfish Enterprise'** we are returning for a trip exploring the islands of Great Cumbrae and Wee Cumbrae. Highlights include wrecks of the Lady Isabella (15m) and SS Beagle (35m) as well as some excellent scenic sites. We will be staying at the **Wemyss Bay Holiday Park** around 10 min drive from our pickup point. It can be a little chilly in April so you'll be glad to hear the holiday park has a heated indoor pool and sauna to warm up after a day at sea.
